

Application No.: 10/630,166
Attorney Docket No. 521 P 049
Reply to Office Action of June 27, 2006

REMARKS

The Examiner previously restricted the claims and Applicants have elected Claims 1-28, drawn to a nasal irrigation solution. The Examiner has thereafter maintained the restriction as a restriction of species and required specific enumeration of elected components.

Applicants hereby elect to pursue the amended claims of Group I, whereby the elected claims are specifically drawn to a nasal irrigation solution with alkaloids extracted from goldenseal plant. Applicants make said election without prejudice to their rights to later pursue any additional claims not presented.

CONCLUSION

The Examiner is requested to contact the undersigned if the Examiner has any questions concerning this Reply or if it will expedite the progress of this application.

Respectfully submitted,

Dated: September 27, 2006
